Clay Modelling Event - Class II

School Events: Deciphering Coronavirus

One of the major challenges being faced by the world in the sphere of health today is the spread of coronavirus. A group of Class V students prepared a presentation on coronavirus. The presentation included the details about the virus and the most effective methods to control its spread. In order to create awareness among the Shishyans of Sr. KG, Class I and Class II, the Shishyans of Class V discussed the preventive measures to be taken against the spread of the virus. They also clarified doubts and answered questions that cropped up in the minds of our little Shishyans.

School Events

The children of Class I used their imagination and creativity to complete the pictures given to them.

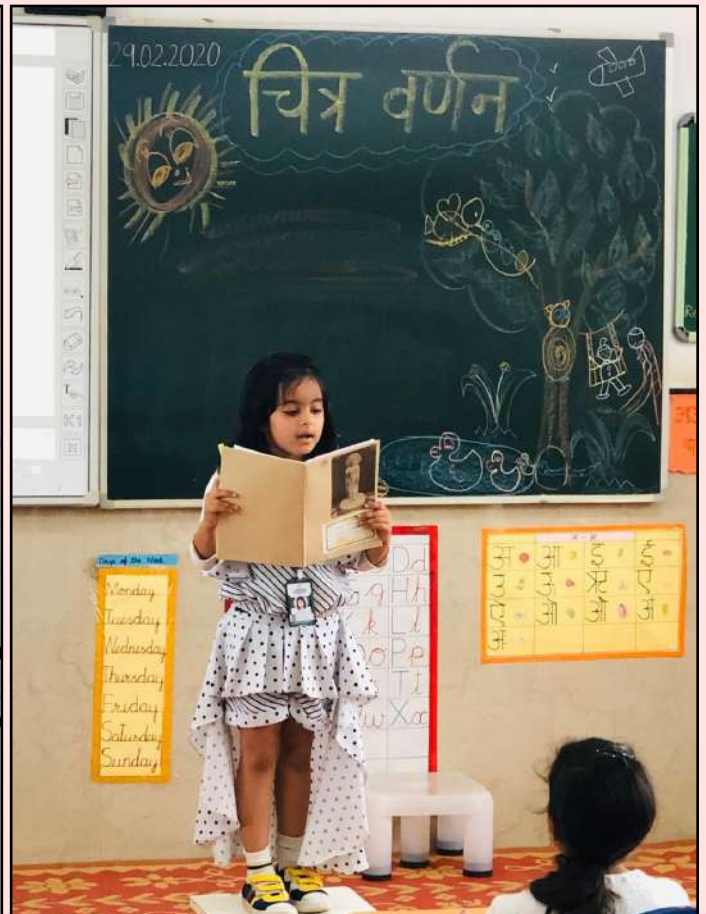

School Events

The children of Class II participated in one-minute fun activities. These activities were a part of their Math topic Time.
