ACHIEVEMENTS

2019 - 2020

# Foreword

---

Dear Parents,

Namaste

It gives us immense pleasure to forward the second edition of our sports newsletter, Sports Setu.

It is important that a student is physically and emotionally healthy and stays focused to perform well in academics. Including sports activities in the curriculum helps students to achieve this to a great extent. At Shishukunj, we understand sports and games encompass more than just the benefits of physical fitness – they increase confidence, self-esteem and mental alertness as well. Our endeavor is to make games and sports an integral part of every student's life.

In order to develop a flair for sports and games and to hone the skills of the students we have taken some new initiatives over the last few years. Some highlights include the following:

- Sports Stay back program is available to all students, wherein they are provided with extra coaching and practice in various sports. During this programme, we ensure that students practice under the supervision of coaches. Further, snacks and bus facility is also provided to the students who opt to stay back for sports.
- Stay back for sports program is free of cost for students who register 95% attendance during the stay back period.
- During the stay back for sports program, league tournaments for different games are conducted so that students develop a competitive spirit.
- We provide additional academic teaching to students who miss out on academics during their participation in different sports and games competitions.
- In our regular school time table, 3 sports periods per week have been incorporated.
- In order to promote talent in the field of sports and games, we have our Annual Sports Ojas awards, wherein we recognize outstanding performers during the session.

- We offer sports scholarship to students with outstanding performance.
- We ensure participation of our students in District level, State Level, National Level, SGFI Tournaments for various sports and games.
- Inter class matches for various games from Classes III to V and League matches during regular sports period are conducted. This provides a platform to each and every student to have a firsthand experience of the game and learn how to face challenges.
- Every year we host the Shri Basantilal Ji Sethia Memorial Swimming Tournament for the non-medalists.

It is our endeavor to constantly augment our facilities and make them at par with the best in the country.

In line with the above we have come up with a new indoor sports complex which has 8 badminton courts, 2 indoor cricket practice nets, 1 wrestling arena, 1 gymnastic arena, and 1 room for Chess, 2 tennis courts, 1 table tennis arena, 1 sports science lab & a sports library.

Through this edition of the Sports Setu, we would like to take you through the achievements of our Shishiyans in the field of sports and games during the session 2019-20.

Our effort is to utilize games and sports as a medium which helps to develop the inborn sports talent of students. With our initiatives and your unconditional support, we are sure to see our Shishyans back on the sports field brimming with energy and happiness in the coming days.

Best Regards

**Dr. Lalita Singh**  
Principal
