PANEL DISCUSSION

For Classes XI-XII

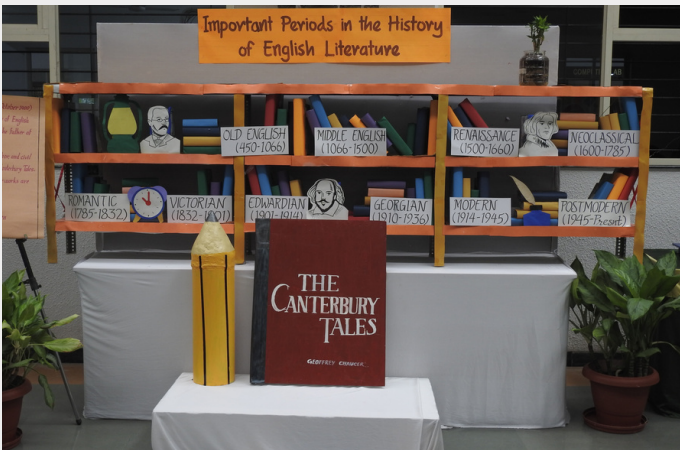

The Panel Discussion was more than a competition. It was an experience of insightful discourse and a myriad of perspectives, all peacefully co-existing to search for a conclusion which could be inclusive of all.

8 students from the 4 houses discussed on two thought-provoking topics - "How artificial intelligence will affect our future." and "The essential goodness in a human being can be awakened through understanding and love."

The Panel Discussion brought together all students present to think beyond themselves, and inspect the grey areas between right and wrong.
