Artificial Intelligence & Robotics

Artificial Intelligence & Robotics – the world today is largely driven by these new-age technologies. With the rapid digitization of the world, the trailblazers of tomorrow-our children, must be empowered with the right skills and knowledge. For this reason we introduce students to the enchanting world of AI, the secret code of coding, and the captivating power of robotics in Class V. The following table gives an overview of the learning of these skills. (It will **not** be a part of the ICT review.)

Term I	Term II
• Introduction to Coding • Basics of Coding • Introduction to Pictoblox • Creating Animation • Playing Sounds • Working with Condition • Addition BOT • Story Making • Games	• Getting Familiar with Quarky • Face Detector • Emotion With Quarky • Traffic Lights With Quarky • QR Code Reader • Name Badge • Fruit Piano • Fun With Robotics

NOTE -

The transaction of the syllabus might be altered to suit the learning pace of the Shishyans.
