6. Verse - The Literary Club

7. Abhinay - The Drama Club

8. Tasveer - The Film and Photography Club

9. Technologia - The Computers and AI Club

10. Anveshika - The science Club

1. Abhivyakti - Public Speaking Club

'If you can speak, you can influence. If you can influence, you can change the world.'

The Abhivyakti Club is a platform for Shishyans to showcase and enhance their speaking skills. It provides opportunities to develop and transform their public speaking abilities through various events such as Parliamentary Debates, Moot Courts, Declamations, and much more. This year would be different as it would include more of

the unexplored styles and events of public speaking, such as the British Parliamentary debates and short jamming sessions.

2. Kalakriti - The Art and Design Club

'Others have seen what is and asked why. I have seen what could be and asked why not.'

Kalakriti is not merely an art and design club; it is a perspective — a lens through which students learn to discover, interpret, and express the world around them. This dynamic platform fosters a culture of creativity, encouraging every Shishyan to create, explore, and evolve through various artistic mediums such as sketching, painting, sculpture, and watercolour. The club serves as a nurturing space where imagination and expression are given room to flourish.

In addition to its fine arts focus, Kalakriti is proud to introduce a new dimension this year — the **Commercial Art Division**. This initiative is designed specifically for Shishyans interested in merging artistic creativity with commercial and strategic thinking. The following points elaborate on the objectives and structure of this new division:

This club has been internally bifurcated into two sub-clubs -

a) Commercial Arts

The Commercial Art wing allows students to delve into the world of applied arts, including Product Design, Illustrations, Poster Making, Calligraphy and 3D representation of their very own product. Here, students work on practical projects that combine creativity with communication, and can even contribute to school events, publications, and campaigns.

b) Fine Arts

The Fine Art division, on the other hand, focuses on pure artistic expression through media like painting, sketching, sculpture, and mixed media. It fosters a deep understanding of technique, emotion, and aesthetics, offering students the chance to refine their skills and exhibit their works.

3. Finsight - Business, Finance and Economics

'The investment of your precious time in this club will pay the best interest.'

Finsight is the business, finance and economics club of our school, dedicated to

fostering financial literacy and entrepreneurial thinking. Through regular discussions, interactive workshops, case study competitions, simulation games (like stock market and budget-making), and startup pitch events, Finsight encourages students to think critically, solve real-world problems, and develop innovative business solutions.

4. Riyaaz - The Music Club

‘Music is a world within itself, it is a language we all understand.’

Riyaaz is a sanctuary for students to discover the power of music and the art of sound. Whether you're a vocalist, instrumentalist, or interested in music production, the club provides a space to learn, practice, and express your musical passion. Through interactive workshops, jam sessions, and structured training in various genres and techniques, members will explore a diverse range of musical styles, from classical to contemporary. Riyaaz fosters creativity, discipline, and collaboration, encouraging members to refine their musical abilities while sharing the joy and impact of music with others.

5. Nritya - The Dance Club

‘Life is a dance and the rhythm is your heartbeat!’

The Dance Club is a platform for all the dancers of Shishukunj to express themselves freely through the sacred art of dance. It welcomes every dancer, beginner or experienced, with open arms. Guided by dedicated club mentors, students can learn various dance styles, collaborate with peers, and even choreograph their original performances. Beyond dance, the club nurtures confidence, discipline, and artistic finesse, helping students grow both on and off the stage.

This club has been internally bifurcated into two clubs -

a) Mudra - The Indian Dance Club

b) Rhythm and Blues - The Western Dance Club

Students can choose between Indian Classical Dance and Western Dance for this session of the Dance Club.

6. Verse- The Literary Club

‘Great literature is simply language charged with meaning to the utmost possible

degree.'

The Shishukunj Literary Society will take you through the enchanted world of literature filled with engaging movie discussions, thought-provoking debates, creative writing activities, and magical stories. A haven for all literature lovers, it will be an unforgettable experience where you will also inculcate qualities like team spirit and communication skills. Share your stories, create interpretations and let words weave your world.

7. Abhinay - The Drama Club

'The entire world is your stage.'

Abhinay is a platform for students to explore the art of expression and storytelling through theatre. Whether you're passionate about acting or curious about stagecraft, the club offers a space to learn, perform and grow. Through interactive workshops, theme-based performances and a structured introduction to the basics of drama, members will dive into various forms of theatre from monologues to group acts and street plays. Abhinay helps develop creativity, confidence and collaboration, helping students refine their performance skills while bringing powerful stories to life.

8. Tasveer - Film and Photography Club

'The beauty of life, captured.'

Tasveer is a space for students to explore their creativity through a lens. If you're passionate about photography or curious about filmmaking, the club is your platform to learn, experiment and grow. Through hands-on workshops, theme-based competitions and a structured course in the basics of film and photography, members will discover various styles of photography and videography. Tasveer encourages perspective-building and visual storytelling, helping students sharpen their technical skills while expressing their unique vision.

9. Technologia - The Computers and AI Club

'AI - Action with Impact'

In the modern world, where AI and computers dominate, members of this club will

understand the basics of programming languages, crazy computer tricks and master modern AI tools, which will give them an edge. Along with these awesome skills, they will also develop various soft skills while collaborating on various tech-savvy projects.

10. Anveshika - The Science Club

‘Science is to see what everyone else has seen but think what no one else has thought.’

Who says science can’t be fun? Science is way beyond what you read in your textbooks. In Anveshika, students will explore the mystical world of science through protective goggles with exciting experiments and activities. It is a platform for students to discover their latent talents and experiment to bring their craziest ideas and thoughts to life.
