

VIDYARTHI VIGYAN MANTHAN (VVM) 2020-21

India's Largest Science Talent Search for New India using Digital Devices

We are happy to inform you that Vigyan Prasar, a National Institute for Science and Technology Communication in association with National Council of Education Research and Training (NCERT) and Vijnana Bharati, an NGO led by eminent scientists, is co-assisting Vidyarthi Vigyan Manthan (VVM) for school students of Classes VI to XI.

VVM aims to identify the bright minds with a scientific aptitude among the student community. **VVM 2020-21 will be India's first open-book science talent search examination** designed to be carried out using digital devices. Moreover, this year VVM is coming up with a unique opportunity for registered students to participate in the **Mega Nation-Wide Experiment**. It is an experiment based on the food habits of students, the nutritional value of the consumed food, and its environmental impact. The objectives of this mega experiment are to teach observational skills, a scientific mindset, and analytical thinking among our students.

Learning benefits :

- Knowledge about the Indian contribution to Science
- Know about one eminent Scientist and his/her work
- Learning through Hands on Activities
- Hone Leadership qualities
- Participation in Mega Science Experiment where students will get to know about the
- nutritional value and environmental impact of our food habits.

We would like to invite our students of Classes VI – XI to be a part of this unique programme.
