Subject: Learnflix Self Program Usage Report

Dear Parent

Namaste

This is in continuation to our circular dated October 05, 2020, regarding introduction of '**Learnflix Self Learning Program**' for our Shishyans of Classes VI to X, for the subjects, Mathematics and Science.

The Learnflix Program was implemented from October 07, 2020 and we have been closely monitoring the usage of the same by our Shishyans over the last 03 months. Here are a **few important observations** that we would like to share with you so as to ensure optimal usage by our Shishyans **for ensuring revision and practice of all the concepts** taught by the school educators online.

1. There are a few Shishyans who are **yet to login to the Learnflix Program**. We request you to kindly ensure that your ward has logged-in to the program.
2. Amongst the students who have logged-in, there are a few students who are **yet to start using the Learnflix content**.

3. Amongst the students who are using the content, there are a few students whose monthly usage duration of the program is very low. However, **there are some students whose monthly usage duration is as high as 89.96 hours/month (average).**

You will agree that the Learnflix Program is for **Anytime and Anywhere Learning** and will enable Shishyans to reinforce what is taught by the school educators online.

We look forward to your valuable support in ensuring that:

- **your ward has logged-in to the Learnflix Program.**
- **your ward has started using the Learnflix content for revision and practice of the concepts taught in the online classes.**
- **your ward is devoting atleast an hour daily for the Learnflix Program.**

If you **have any concern regarding the use of the Learnflix Self Program**, please feel free to contact us on info@shishukunjindore.in.

We are sure that this program will facilitate revision of learning for our Shishyans and will make for an enriching experience.

Kind regards,

The Shishukunj Management Team
