

Circular for Parents of Classes IX and X Session 2020-21

SIS/OPS - FEB 18/2021

February 25, 2021

Subject: Psychometric Analysis and Career Guidance Program.

Dear Parents

Namaste

As a school, we have always understood our responsibility and the need to facilitate students in taking decisions related to career. We also understand, students need to be guided regarding their career planning at the appropriate age. Students of Classes IX and X are at such a juncture where they need to pave their way for a successful and enterprising career.

We take pleasure in informing you that the school in association with 'Options Guidance and Counseling', has arranged for the '**Career Counseling Process**': Complete mapping of students in Classes IX and X for taking Career and allied decisions, at the School Campus as per the below schedule:

Class IX:

Sunday, February 28, 2021 from 10:00 am

Class X:

Sunday, March 14, 2021 from 10:00 am.

‘Options Guidance and Counseling’ is a venture since 1998, led by Dr. Sameer Golwelkar and Dr. Soniya Golwelkar.

Dr Sameer Golwelkar, is a qualified Mechanical Engineer, an MBA in Finance, Master in Philosophy, a relationship counselor and a psychotherapist for REBT. He is a licensed practitioner for Psychometric tools from Consulting Psychologists Press of the USA. He is an associate member of the IACP. He has also been awarded a Doctorate in Philosophy.

Dr Soniya Golwelkar is a qualified Electronics Engineer and a Master in Child and Clinical Psychology. She is a trained and certified Cognitive Behavioural Therapist, a qualified psychometric specialist and an international affiliate of the American Psychological Association. She has also been awarded a Doctorate in Psychology.

The Career Counseling Process involves the following steps:

Step 1 – Psychometric Testing of students. This would include testing Intelligence, Aptitudes, Motor movements, Interest patterns, Adjustments and personality profile. It takes roughly three hours for the complete testing process.

Step 2 – Individual counseling session with each student and his parents to address all issues related to career mapping, development and education as a whole. The parents are invited to attend the given time slot with the student for a personal counselling session with the counselors. This would be planned following the testing session. Parents would be handed over a complete

report along with the career map and suggestions related to potential pitfalls and scopes for development.

Follow-up sessions from time to time are available free of charge for queries over emails for the next 2 years, on the basis of original reports.

This is a very scientific and exhaustive process which the school opts for students of Classes IX and X and is conducted personally by qualified, certified, trained and practicing Counselors, Dr. Sameer Golwelkar and Dr. Soniya Golwelkar.

The above facility is available for our Shishyans of Classes IX and X at a subsidized charge. To know about the commercial details and other details of the process, kindly click on the below link:

[Career Counseling Process for Classes IX and X.pdf](#)

Interested parents may kindly process the payment by using any of the payment modes mentioned.

Kind regards

Dr. Lalita Singh

Principal
