8.	Nrityanjali: The Kathak Club	V-X
9.	Francophiles: The French Club	V-VIII
10.	The Wellness Club	VII-XI

Tasveer- The Film and Photography Club

‘A picture is worth a thousand words’

At Tasveer, we plan to offer all members an opportunity to express and present their perspectives in a creative manner and sharpen their photography and videography skills. Through the summer capsule, we aim to engage the students in enriching activities and workshops to enhance their art, by providing them a well-designed basic film-making and photography course.

Objectives:

- Introduce diverse photography styles. (e.g. Black and White Photography).
- Explore various aspects of film and video making.
- Approach towards theme based photography competitions.
- Perspective building in photography.
- Introduce students to various styles of videos (Hyperlapse and slow motion videos).

The club plans to organize a documentary making competition and also competitions in collaboration with other clubs.

Alpha CS and Anveshika Club

This summer, the Computer Science Club and Anveshika Club will collaborate to integrate technology with science. Students will acquire python programming skills and learn how to create simple applications using python. Students will learn the art of performing experiments using everyday items and understand the underlying science principles! In the end, students will build on the knowledge they have gained to make exciting applications which would take experimental data, analyze it and generate graphs of the readings, report any error in the data, and much more!

Objectives:

- Introduce students to python programming language
- Teach application development and plotting graphs using python
- Use everyday items to carry out experiments
- Teach students how to use programming to interpret experimental data efficiently and detect errors in the data, if any.

The Shishukunj Literary Society

During the Summer Programme of the Literary Society, the students will be guided on the different ways to develop perspectives.

Objectives:

- Increase focus on insight formation and perspective development.
- Foster inclusivity and explore new aspects of a given topic through discussions.

A glimpse of the activities to be undertaken by the club:

- Interaction with authors
- Discussions
- Re-writing a famous work

Public Speaking Club

To be able to represent your views and opinions, to persuade and represent, and to motivate and inform- the art of speaking is an essential skill that must be incorporated in one's personality. Since the beginning, The Public Speaking Club has aimed to train and develop this skill through various fun and interactive activities, focusing on the diverse aspects such as body position, confidence, words and vocabulary, posture and conduct, etc.

Objectives :

- Train the students in the distinct formats of public speaking primarily categorized as speeches, elocutions, and discussions, mainly through mock trial sessions and interactive activities.
- Enable students to gain the confidence to speak in front of an audience
- Help students overcome stage fright
- Highlight the importance of body language and posture while speaking
- Develop the art of speaking in a concise and effective manner

Finsight Club

(Business, Finance and Economics)

For the summer programme of Finsight, the students will be guided on:

- Improving the business knowledge through the analysis of current business issues and by hosting events with speakers who are experts in their respective fields
- Supporting personal growth by improving soft skills in a team work based, responsibility driven and project- like working structure.
- Detailed case studies across all major finance areas with opinions and analysis from our members
- Bringing students together in working groups focusing on various topics such as stock pitching, trading competitions, training (e.g. Bloomberg, modeling, etc.), supporting the organization of events, building virtual portfolios, etc.

Kalakriti

The Art and Design Club

“Art has the role in the education of helping children become like themselves instead of more like everyone else.”

–Sydney Gurewitz Clemens

Art and design stimulate creativity and imagination, providing visual, tactile and sensory experiences along with a special way of understanding and responding to the world. It enables students to communicate what they see, feel and think through the use of colour, texture, form, pattern, different materials and processes. Students become involved in shaping their environments, gain inspiration from their everyday life and learn to make informed judgements and aesthetically pleasing practical decisions.

Objectives:

- To give a platform to students to express and share their creative ideas
- To improve the student’s abilities of material handling, design thinking, problem-solving, and exploring and working in a wide variety of materials and mediums.
- The club plans to feature regular live sessions by professional artists and designers during the course of which students will learn and create and get instant work reviews and recognition.

Swaad - Orchestra of Flavours

Objectives:

- The purpose of our Culinary Club is to help spread knowledge about food with basic cooking skills and exploring the different aspects of nutrition and eating habits.
- Setting up a culinary club in the school will help the children explore their talents and learn a new skill. It will lead to the overall development of the students making the school's education plan innovative in nature.
- Cooking for oneself is an important skill for one to acquire. Cooking is no longer a hobby but a necessity.
- Students will be able to learn practical skills which will help them throughout life.
- Giving an insight into World Cuisine, superfoods and means to a healthy lifestyle. This club would like to give all young minds an easy fix to a healthy lifestyle.

Suggested Activities-

- Plate the world with food items from across the globe
- Learn from guest experts in multiple cuisines
- Baking boulangerie
- Nutrition Fests
- Cooking competition to exhibit your talent
- It will be a month full of fun, so hope to see you there!

Nrutyanjali : The Kathak Club

Objectives:

- To introduce students to the classical dance Kathak.
- To enhance and refine their dancing skills
- To teach them proper coordination between footwork and hand gestures.
- Enable them to be more energetic and agile.

Proposed Activities:

- introduction of Kathak, teentaal with hastak and tatkar.
- 2-namaskar toda and one shloka.
- 1 kavitta and thahdugunchogun of teentaal.
- 4-1 Sadhatoda, 1 sadhiParan with padhant.
- 5-tatkar keprakar (footwork).
- 6-1 bhajan with introduction of hast mudra.
- 7- bhajan - continue with revision.
- 8-1 Chakradhar toda, 1 chakradhrParan

Francophiles: The French Club

(Francophiles: A person who has a strong affinity towards the French language, culture and people)

Objectives:

- To create interest in the French language and culture.
- Introduce salutations, words, phrases and sentences with French pronunciations used in general conversation.
- To encourage the students to participate and marshal their ideas towards the language in the long run.
- To promote internationalism

Suggested activities:

- Salutations in different situations
- Introducing oneself / someone
- Role play / Formal and informal conversation
- Quizzes
- Comic strips with French dialogues.
- Pictionary and some fun exercises.

The Wellness Club

Mental health is a very important issue that affects how we think, feel, and act. It impacts our everyday decisions and students need to be guided towards maintaining a positive attitude in all situations.

Emotional hygiene is “Being mindful of our psychological health and adopting brief daily habits to monitor and address psychological wounds when we sustain them.”

Proposed Activities:

- Expert talks
- 30 days of gratitude
- Techniques to handle pressure
- Activities to develop critical thinking and decision making
- Resources and links will be shared (ted talks and mind relief videos)
- Meditation and Yoga
- Topic-based sessions on emotional hygiene, gratification, and self control.
