**Subject:** Students Council 2021-22

Dear Parent  
Namaste

We are happy to invite students of Class XII to apply for various posts in the Students Council for the session 2021-22.

Being a part of the Students Council of the school is a great honour and privilege. It gives the students a platform to hone their leadership, communication, team building and a host of other 21st century skills. Members of the council stand as a model for other Shishyans and hence have a very responsible and important role to play. They act as a link between the students and the management and their inputs are always taken into consideration while taking important decisions regarding the school. On a student's resume, being a member of the Students Council of the school reflects very positively on his / her leadership skill, motivation and commitment.

The following posts are available in the Students Council:

1. Headboy
2. Headgirl
3. Vice Headboy
