

Circular for Parents of Classes VI - X Session 2021-22

SIS/ACAD SEP 03/2021

September 22, 2021

Subject: Internal Assessments

Dear Parent

Namaste

Please be informed that CBSE has made important changes in the Assessment and Examination Pattern for the session 2021-22 keeping in mind the ever evolving situation of the pandemic and also the educational reforms proposed by the NEP. All the changes are student friendly and are designed to ensure 360 degree development of the student.

The revised evaluation pattern and the examination dates for Classes VI – X have been uploaded on our school website. Kindly take note of the same very carefully.

It is noteworthy that the Board has made Internal assessment an integral part of the overall assessment of the student. For ensuring the sanctity of the Internal Assessment CBSE has made it mandatory for the schools to keep digital/physical records of the activities conducted for internal assessment and the marks allotted to each student for the same, which will be randomly checked by the Board from time to time.

We would like to reiterate the following points regarding Internal Assessment:

- Internal assessment is an ongoing process and will be carried out along with regular syllabus transactions throughout the session.

- Separate marks are allotted in each subject for internal assessment. Details have been uploaded on the school website.
- Projects done in various subjects are also a part of internal assessment.
- The activities planned for internal assessments give a platform to students to display their varied skills. As per the guidelines laid down by the NEP, Art Integration and Subject Integration have been kept in mind while planning the activities.
- Innovative activities have been planned for internal assessment in each class for each subject. The students will be briefed thoroughly about each activity and sufficient time will be given to them for completing the same.
- There will be a mix of individual and group activities. Peer assessment will form an important part of the assessment of group activities. This is to ensure that all members of the group contribute equally to the group activity.
- Marks will be allotted to the students on the basis of the work submitted / completed in different subjects.
- In view of the above, it is imperative that students take the internal assessments seriously and complete all activities according to the schedule given by the educators.

We appeal to all parents to counsel their wards about the importance of internal assessment as these assessments will help the students inculcate 21st century skills and be future ready.

Kind regards

Dr. Lalita Singh

Principal
