Subject: Clarification regarding Fake News

Dear Parent
Namaste

It has been brought to our attention that fake news is circulating among the parents that 03 students of Shishukunj have tested COVID positive.

We would like to clarify the following:

- No parent has reported to us till now that his / her ward has tested COVID positive in the recent past.
- No educator has informed the students in class that 03 students of Shishukunj have tested COVID positive.

We request our parents not to believe any school news which is passed on to them through Whatsapp without checking its authenticity first.

We, on our part, assure you that we shall keep all parents posted of any COVID related news of Shishyans if it is brought to our attention.

Kind regards
Dr. Lalita Singh
Principal
